

MBR Painted Time

04/08/2023 Date of Birth: Registration 1: CI342678

Painted Time is out of the beautiful, brindled G&L Painted Savage daughter that has a rolling twist at 89"+ttt. Her sire is the big ol hoss, TIMELINE. She is a spitting image of her dam! She's super easy-going, great milker and mama to her first heifer, that we are retaining! Her horns are rolling back and measured 59.5"ttt on 6/5/25. She is a foundation female and is already passing on her brindle to her heifer! She's exposed to the blue, WS Vindicator
